INSTRUCTIONS FOR A
HAPPY AND SUCCESSFUL
INSTALLATION

rocked globally

HI THERE!

ARE YOU READY TO CREATE YOUR WONDERWALL, MADE OF 100% RECLAIMED WOODS?

IT'S JUST AS EASY AS IT LOOKS.

JUST PUT ON SOME MUSIC AND LET'S GET STARTED ...

FOR BEST RESULT, UNPACK THE PANELS AND LET THEM ACCLIMATIZE IN THEIR HAPPY NEW HOME FOR 1 OR 2 WEEKS.

FIRST OF ALL..

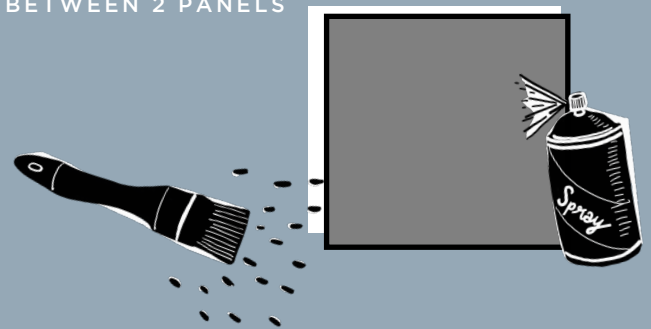

PAINT THE ENTIRE WALL BLACK WITH A PRIMER PAINT.

*Why do you ask?
Nobody is perfect, there can always be little imperfections.
We work with a natural material.*

IN A RUSH?

PAINT OR SPRAY THE OUTLINES BETWEEN 2 PANELS

ENOUGH SMALL TALK.. TIME TO COLLECT YOUR MOUNTING TOOLS AND GET BUSY.

STEP 1

FIRST STEP IS KEY! CHECK IF THE FLOOR IS LEVEL,

IF NOT PAY EXTRA ATTENTION TO THE FIRST ROW. FIRST ROW HAS TO BE 100% LEVEL.

STEP 2

FIRST PANEL

OPEN A FEW BOXES AND PICK UP YOUR FIRST PANEL. CUT OFF THE END OF ONE SIDE.

STEP 3

FLIP PANEL

APPLY GLUE TO THE BACKSIDE OF THE PANEL

STEP 4

WHEN PLACING FIRST ROW

USE SPIRIT LEVEL OR CROSS LASER TO MAKE SURE THE FIRST ROW IS 100% STRAIGHT.

MAKE SURE YOU PICK TILES FROM DIFFERENT BOXES EACH TIME.

STEP 5

WHEN PLACING NEXT ROWS

CUT LAST PANEL OF THE ROW TO SIZE AGAIN AND USE THE REMAINING PART TO KICK OFF THE NEW ROW, SO YOU CREATE A RANDOM BOND.

STEP 6

RANDOM BOND

WHAT IS A RANDOM BOND?
PLACING THE PANELS SO,
THAT THE Z-SHAPE DISAPPEARS.

AVOID
THE
ZIPPER!

STEP 7

AND THEN KEEP ON GOING.

UNTIL YOU HAVE REACHED THE CEILING.
DON'T FORGET TO CHECK EVERY NOW AND
THEN IF EVERYTHING IS STILL LEVEL.

STEP 8

FIT THE LAST PANELS TO SIZE IF NEEDED.

STEP 10

WELL DONE!
TIME FOR A WELL-DESERVED ICE COLD BEER!

STEP 11

GRAB YOUR MOBILE PHONE, CAMERA OR
ANOTHER PHOTO DEVICE.

MAKE SOME PICTURES AND BE SURE TO SEND
IT TO OUR MARKETING DEPARTMENT.

marketing@wonderwallstudios.com

WHO KNOWS.. YOUR WONDERWALL ORIGINAL
WILL BE HIGHLIGHTED ON OUR INSTAGRAM!

GOOD TO KNOW

HERE ARE TWO OF OUR MOST IMPORTANT INSIDE TRICKS.

AROUND CORNER

ALL OUR PANELS ARE SOLID THEREFORE THEY CAN EASILY BE ADJUSTED TO MAKE A CORNER SOLUTION.

TAKE ONE PANEL AND CUT TWO 45 DEGREE ANGLES TO GO AROUND THE CORNER.

LIGHT SWITCHES & POWER SOCKETS

AS OUR PANELS ARE SOLID, YOU CAN WORK AROUND A LIGHT SWITCH OR POWER SOCKET.

MAKE SURE YOU PAINT THE WALL AROUND THE LIGHT SWITCH OR POWER SOCKET BLACK!

WONDERWALLSTUDIOS

MISSION

To create joyous panelling from salvaged woods that enriches surfaces and enhances your interior. We strive for the highest quality to produce panelling that will last a lifetime.

HOW

We scour the land for woods that can be salvaged and upcycled, giving discarded timber a second lease on life. Typically, we'll turn a weathered girder into a striking collection of unique wall tiles. It's a reincarnation of sorts.

WHY

We love wood and working with craftspeople. We love salvaging woods, breathing new life into something old, worn and weathered. We love exploration and travel. We love design and having fun with like-minded souls. That's why we do what we do the way we do it.
